Professional Summary

Backend-focused full-stack developer with 4+ years of experience building scalable web applications, RESTful APIs and real-time systems across live-streaming, online trading and insurance CRM products. Works day to day in Node.js, React.js, PHP/Laravel, PostgreSQL and MySQL on AWS and Docker, with hands-on experience in backend architecture, database design, payment gateway integration and performance optimization.

Skills

Languages: JavaScript, PHP, SQL

Backend: Node.js, Express.js, Laravel, RESTful APIs, JWT authentication, MVC and monolithic architecture

Frontend: React.js, jQuery, Ajax, Bootstrap, CSS

Databases & Caching: PostgreSQL, MySQL, Redis

Cloud & Tools: AWS (Lambda, EC2, S3), Docker, Git, Agora SDK, Razorpay, Stripe

Work Experience

Software Developer

Atomicsure Infotech Pvt Ltd, Mumbai | Aug 2026 – Present

- Building Renova AI, an insurance renewal CRM for life, health and vehicle policies, with a React.js front end, Node.js REST APIs and a PostgreSQL data model covering customers, policies and renewal tracking.
- Authored page-level business requirement documents for the product, translating each screen and workflow into API contracts, validation rules and database schema before development, using Claude AI as an analysis and drafting aid.
- Designed renewal-lifecycle workflows covering policy expiry tracking, reminder scheduling and follow-up assignment across agent and admin roles.
- Containerized services with Docker to keep local development and deployment environments consistent.

Tech: Node.js, React.js, PostgreSQL, Docker, REST APIs

Software Developer

StreamOn Technologies Pvt Ltd, Mumbai | Jul 2024 – Dec 2025

- Designed and developed analytics-driven REST APIs to capture and process real-time user engagement data, enabling accurate measurement of audience participation during live virtual events.
- Built interactive engagement features such as quizzes, emoji reactions, polls, and surveys to help clients analyze user interest levels and improve audience retention.
- Developed a real-time chat and announcement feature that let presenters broadcast key updates instantly during live sessions, load-balanced to support up to 5,000 concurrent users.
- Integrated the Agora SDK and extended live-streaming functionality with custom background features, and tuned overall streaming performance.

Tech: Laravel, Node.js, JavaScript, AWS (Lambda, EC2, S3)

Backend Developer

ABC Designs, Mumbai | Aug 2022 – Mar 2024

- Built core modules of an online trading platform from scratch, including deposit and withdrawal flows, market open/close operations and RESTful API integrations.
- Developed a share market web app for live trading of gold and silver, including market orders, limit orders, stop-loss and withdrawals.
- Integrated e-commerce module for purchasing physical gold and silver, combining trading and shopping in a single platform.

Tech: Laravel, JavaScript, jQuery, Razorpay

Junior Software Developer

Vineet Marketing & Technology Pvt Ltd, Mumbai | Nov 2021 – Jul 2022

- Delivered two MLM web applications in Core PHP and MySQL, tailored to client-specific business logic and compensation models, and contributed to logistics and e-commerce projects.
- Engineered the backend for a multi-tier commission and bonus engine, including a hierarchical level plan and admin tools for franchise assignment, with automated calculations across all distribution levels.

Tech: Core PHP, JavaScript, jQuery, Razorpay

Freelance Project

Vendor Management CRM – Freelance (Apr 2024 – Jul 2024): Built a CRM for vendor support operations, with real-time complaint logging for systematic issue tracking and a multi-role access control system for admins, supervisors and support staff that routed issues to the right department and improved accountability across the support lifecycle. Tech: Core PHP, MySQL.

Education

Late Bhausaheb Hiray College, University of Mumbai
Master of Computer Applications - (MCA) | Sep 2020 - Jun 2022
CGPA: *8.82/10*
Tilak Maharashtra Vidyapeeth, Pune University
Bachelor of Computer Applications - (BCA) | Aug 2017 - Jul 2020
CGPA: *7.65/10*
